

# Omkar Pawar – Software Engineer – 3.7+ yrs experience

Mobile: 7715950254 | Social: [LinkedIn](#), [GitHub](#) | Email: [opwebdev01@gmail.com](mailto:opwebdev01@gmail.com) | Portfolio: [pawaromkar.in](http://pawaromkar.in)

## SKILLS

---

**Languages:** Java, Go, Javascript, Typescript, HTML, CSS

**Database:** MongoDB, PostgreSQL

**Skills & Tools:** Spring Boot, React.js, Next.js, Hibernate, Maven, Kafka, Redis, Operating System, DSA

**Cloud & DevOps:** AWS (EC2, ECS, EKS, Lambda, S3, SNS, SQS), Docker, Kubernetes, CI/CD (GitHub Actions)

## WORK EXPERIENCE

---

**Fynd** (via Programming)

July 2024 – Present

Senior Software Engineer

Maharashtra

- Developed a fault-tolerant **daily batch pipeline handling 1M+ records/day** to validate orders and generate loyalty points; introduced batching, parallel workers, and backoff/retry strategies, reducing manual failures by 15%.
- Designed and implemented a real-time **chat application supporting 4K+ concurrent users** using WebSockets with Redis Pub/Sub, enabling multi-device sync, data persistence during network loss, less than 200ms latency.
- Automated document ingestion from SharePoint using Azure Fn (cron) to parse PDFs, Excel, CSV, and text files, **indexing 50K+ records into Azure AI Search** with vector embeddings to enable semantic and AI-powered search.
- Engineered a high-performance **data table library capable of efficiently handling millions of rows**, with advanced features such as filtering, sorting, column visibility, and centralized state management.
- Node.js, Go, Typescript, MongoDB, React.js, Kafka, Socket.io, Docker, AWS (EC2, ECS, S3, SQS, Lambda).

**Iorta Technology Solutions**

May 2023 – June 2024

Software Engineer

Maharashtra

- Revamped a legacy insurance **monolith application into a scalable microservices architecture using Nx**; introduced new features, improved scalability, reduced build times by 40%, and shortened development cycle time by 30%.
- Implemented **CI/CD pipelines using GitHub Actions** for a monorepo; automated microservices deployment to AWS EKS with rolling updates, reducing deployment time by 60% and increasing release frequency from weekly to daily with zero downtime.
- Built an auto-scaling PDF generation service on AWS, **processing 1K+ documents daily via SQS**; consumed by Docker worker, with retries, DLQs, and monitoring that cut failures by 95% and enabled near real-time generation.
- Built an end-to-end insurance onboarding flow with eKYC (Aadhaar/PAN), document upload and validation, automated proposal PDF generation, and data workflow from QC (with re-upload for invalid details) to underwriter.
- Node.js, Kubernetes, Kafka, Github Actions, Typescript, React.js, Next.js, Redis, AWS (ECR, EKR, Lambda, S3, SNS, SQS)

**Code B Solutions Pvt Ltd**

July 2022 – May 2023

Software Engineer

Maharashtra

- Automated **video processing for 100+ courses using S3-triggered Lambda and MediaConvert**; reduced manual video preparation time by 90% and enabled smooth multi-resolution streaming for learners.
- Secured application authentication by integrating AWS Cognito OAuth2, JWT (with refresh token flow), and RBAC; reducing **unauthorized access incidents by 90%** and ensuring compliance with security best practices.
- Built a **fully drag-and-drop form builder** and event planner, managing state across the lifecycle with configurable fields, UI styling, inter-field dependencies, multi-form support, and flexible validation for scalable form creation.
- Led the development of 5 high-impact projects in 9 months, improving client productivity by 25%.
- Java, Spring Boot, Spring Security, PostgreSQL, Redis, Docker, Next.js, AWS (ECS, EC2, Lambda, S3, SQS, VPC)

## EDUCATION

---

**BSC in Computer Science**, V.K Krishna Menon College - CGPA 8.7

## INITIATIVES AND PROJECTS

---

- WYSE - Clothing Brand** - Developed a full-stack clothing e-commerce platform as a freelance project, featuring product search, category filters, wish-list add-to-cart, and an admin dashboard; **you can check out the prototype website [here](#).**
